"A great place to live, work, and play"

June 4, 2024

Honorable Mayor and City Council:

I am pleased to present the proposed Fiscal Year (FY) 2024-25 operating budget for Santa Fe Springs. This budget serves as both a financial plan and a policy guide, reflecting our commitment to enhancing the quality of life for our residents and businesses. As a financial document, the budget presents our best assumptions for revenues and expenditures for the next year of service. As a policy document, it presents our City's unwavering commitment to providing resources towards improving the quality of life for our community.

Despite economic uncertainty and persistent inflation, our financial position remains strong due to prudent fiscal management. Revenues are projected to align with our budget estimates, supported by favorable trends in key areas. Based on projections from the Congressional Budget Office, it is anticipated that the Federal Reserve will reduce interest rates at the beginning of FY 2024-25. Economic growth is anticipated to rebound in 2025 and then moderate in later years. Our city continues to advance, maintaining stability through careful financial planning.

The spending plan for this upcoming fiscal year continues a shift of our organization's focus to begin to accomplish our long-term goals – such as restoring staffing levels to where they need to be in order to deliver effective and efficient services to our community; seeking alternative sources of revenue to establish a reliable and consistent funding source for our capital improvement projects; enhancing and modernizing our Information Technology infrastructure for our community and for our employees and lastly, seeking alternative solution for our Water Utility structural deficit. These are the challenges that we, as an organization, are facing. As such, we will remain steadfast and proactive in addressing them. The FY 2024-25 proposed operating budget has dedicated resources to begin addressing each challenge in this upcoming fiscal year.

FY 2023-24 Year-End Projection

As we close FY 2023-24, we anticipate a \$7.8 million operating surplus, bolstered by strong sales tax revenues, which constitute about 40% of our General Fund income. The voter-approved Measure Y has also provided a reliable revenue stream, now representing over 56% of General Fund revenues alongside sales tax.

While this is welcoming news, there are still certain financial challenges we need to address moving forward. Under the direction of the City Council, we established and funded multiple set-aside funds (i.e., Capital Improvement Projects, Unfunded Liability, Economic Contingency, Equipment Replacement, Employee Benefits, Risk Management, Renovation & Replacement, and Unassigned Reserves) several years ago to begin addressing some of these challenges. For the past several fiscal years, the City has allocated operating surpluses to these funds and once this fiscal year's financials are completed, staff will provide a recommendation on how to allocate the anticipated surplus to the City Council.

The City's Water Utility fund is anticipated to have an operating deficit of approximately \$1.0 million at year end. Over the last several years, there has been a continuing need for Capital Improvement Projects related to the source of water to aid in stabilizing the growing cost of water from outside sources. The cost to have an operating well in both of the City's water zones is expected to exceed \$10 million. In addition, the City is facing the aging infrastructure challenges. Investment in infrastructure improvements is expected to be over \$150 million. Other options for water supply sources are also being considered, but all come with a capital investment requirement. We are expecting to utilize the Water's Capital Improvement Program reserve to close the fiscal operating deficit gap in this year's budget. Further discussion will be required to identify remedies to our ongoing structural deficit.

General Fund

The City Council conducted three budget study sessions on March 28, May 2, 2024, and May 25, 2024, to provide budget directions. Staff has updated the proposed budget accordingly. On May 25, 2024, City staff introduced the proposed FY 2024-25 budget to the City Council and the public. The General Fund is the primary operating fund of the City and accounts for all unrestricted revenue. The proposed General Fund budget is projected to have a \$2.1 million surplus, which includes \$102.8 million in revenues and \$100.7 million in expenditures including a fund transfer of \$162K to the Renovation & Replacement reserve. Total revenues included \$11.2 million derived from the City's program revenue.

The budget includes funding for new equipment, a Class & Compensation Study, new position(s) & position(s) adjustments, newly negotiated labor agreements, additional police contract costs, IT infrastructure improvements, and inflation-driven operational costs.

The following table summarizes the proposed sources and uses for FY 2024-25:

	Actual	Actual	Adopted	Adopted	FY 2024-25 vs. FY 2023-24 Variance		
	FY 2021-22	FY 2021-22 FY 2022-23		FY 2024-25	\$	%	
Sources							
Estimated General Revenues	74,505,982	87,650,268	79,150,600	83,740,000	4,589,400	5.8%	
Estimated Program Revenues	10,177,727	10,687,106	8,609,100	11,157,000	2,547,900	29.6%	
Esitmated One-Time Revenue Source	40	6,530,075	838,500	1,142,050	303,550	36.2%	
Transfer from Other Sources	4,014,920	4,627,975	4,668,700	6,779,300	2,110,600	45.2%	
Total Sources	88,698,629	109,495,423	93,266,900	102,818,350	9,551,450	10.2%	
Uses							
Department Expenditures	67,491,945	71,543,912	82,897,500	99,410,570	16,513,070	19.9%	
Non-Recurring Expenditures	1,056,074	1,367,011	4,961,800	<u>=</u>	(4,961,800)	-100.0%	
Vehicle/Equipment Acquisition	389,127	3,145,272	838,500	1,142,050	303,550	36.2%	
Rennovation & Replacement	-		-	40000	_	0.0%	
Capital Improvement Program Funding	2,800,000	2,800,000	2,800,000	 	(2,800,000)	-100.0%	
Total Uses	71,737,146	78,856,195	91,497,800	100,552,620	9,054,820	9.9%	
Operating Surplus / (Deficit)	16,961,483	30,639,228	1,769,100	2,265,730	496,630	28.1%	
Fund Transfers	(13,800,000)	(25,000,000)	(1,769,100)	(162,000)	1,607,100	<u>-90.8%</u>	
Net Surplus / (Deficit)	\$ 3,161,483	5,639,228	\$ -	\$ 2,103,730	\$ 2,103,730	N/A	

This budget prioritizes restoring staffing levels, enhancing information technology infrastructure, and securing alternative revenue sources for capital projects. Notable allocations include funding for new equipment, a Class & Compensation Study, new and adjusted positions, labor agreements, additional police contract costs, and inflation-driven operational expenses.

Water Utility Fund

The proposed budget for FY 2024-25 is projected to have \$2.9 million budget deficit, primarily due to increase in expenditures driven by inflation along with a slightly lower revenue estimate. Total revenues are expected to decrease by \$557,000 or -3.3%, while expenditures are expected to increase by approximately \$2.5 million or 14.8%. The proposed budget includes a recommendation to utilize the Water Fund reserve to balance the FY 2024-25 budget. Further discussion will be necessary to determine how to be fiscal responsible with the Water Utility Fund.

The following table summarizes the proposed sources and uses for the FY 2024-25 Water Utility budget:

	Actual	Actual	Adopted	Proposed	Proposed FY Adopted F Varian	Y 23-24
Activity Name	FY 2021-22	FY 2022-23	FY 2023-24	FY 2024-25	\$	%
Sources Estimated General Revenues	\$ 15,809,351	\$ 15,579,762	\$ 16,966,100	\$ 16,409,100	\$ (557,000)	-3.3%
Uses Department Expenditures Capital Improvement Projects	12,904,058 3,094,300	14,518,449 904,500	16,850,800	19,349,150	2,498,350	14.8% NA
Total Uses	15,998,358	15,422,949	16,850,800	19,349,150	2,498,350	<u>14.8</u> %
Surplus / (Deficit)	\$ (189,007)	\$ 156,813	\$ 115,300	\$ (2,940,050)	\$ (3,055,350)	- <u>2649.9</u> %

Conclusion

Looking ahead, we are committed to navigating economic challenges and achieving our long-term goals. The FY 2024-25 budget represents a strategic step in this direction, supported by the leadership of the City Council and the dedication of our staff.

I extend my gratitude to the City Council for their guidance and to our city employees for their hard work in preparing this budget. Together, we will continue to deliver exemplary public services and foster the unique character of Santa Fe Springs.

Sincerely,

René Bobadilla, P.E.

pr'pr

City Manager

APPROVED: 06/04/2024 ITEM NO.: 4

RESOLUTION NO. 9915

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SANTA FE SPRINGS, CALIFORNIA, APPROVING AND ADOPTING THE FISCAL YEAR 2024-25 CITY BUDGET AND AUTHORIZING THE CARRYOVER OF CERTAIN UNSPENT APPROPRIATIONS

WHEREAS, Section 31.13 (B)(2) of the Santa Fe Springs Municipal Code provides that the City Manager shall prepare and submit to the City Council an annual budget; and

WHEREAS, the proposed Fiscal Year 2024-25 City Budget was introduced to the City Council at its regular meeting on May 25, 2024, and the City Council provided direction regarding the finalization of the budget; and

WHEREAS, the City Council considered proposed position adjustments, requiring changes to the salary schedule; and

WHEREAS, on June 4, 2024, the City Council reviewed and considered the Fiscal Year 2024-25 City Budget.

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF SANTA FE SPRINGS DOES HEREBY RESOLVE AS FOLLOWS:

- 1. The City Council approves and adopts the Fiscal Year 2024-25 City Budget attached hereto as Attachment "A" and incorporated herein by this reference.
- 2. The City Council approves and adopts the Fiscal Year 2024-25 Salary Schedule attached hereto as Attachment "B" and incorporated herein by this reference.
- 3. The City Council authorizes the carryover of unspent appropriations for vehicles/equipment, which were not received by June 30, 2025.

PASSED, APPROVED and ADOPTED this 4th day of June, 2024 by the following vote:

ATTEST:

Fernando N. Muñoz, Deputy City Clerk

APPROVED: 06/04/2024 ITEM NO.: 19

RESOLUTION NO. 9913

A RESOLUTION OF THE CITY COUNCIL OF THE CITY OF SANTA FE SPRINGS ADOPTING THE ANNUAL APPROPRIATION LIMIT FOR THE FISCAL YEAR 2024-25

WHEREAS, the City Council must annually adjust the appropriation limit based on either the change in the California per capita personal income or the percentage change in local assessment roll from the preceding year due to the addition of local non-residential construction in the City and either the City's own population growth or the population growth of the entire county; and

WHEREAS, the decision as to which of the options to select must be done by a recorded vote of the City Council;

NOW, THEREFORE, THE CITY COUNCIL OF THE CITY OF SANTA FE SPRINGS DOES HEREBY RESOLVE AS FOLLOWS:

<u>Section 1:</u> In calculating the appropriation limit, the City has utilized the percentage change in the local assessment roll due to the addition of non-residential new construction applicable to the fiscal year 2024-25 limit of 8.02%.

<u>Section 2:</u> In calculating the appropriation limit, the City has utilized the population growth factor for City of Santa Fe Springs' own population from January 1, 2024 to January 1, 2025 of 0.34%.

<u>Section 3:</u> The appropriation limit for Fiscal Year 2024-25 is \$3,517,307,269 as calculated on Exhibit "A" attached hereto.

<u>Section 4:</u> The City reserves the right to change or revise any growth factors associated with the calculation of the appropriation limit in the present or future.

Section 5: The City Clerk shall certify to the adoption of this Resolution.

PASSED, APPROVED and ADOPTED this 4th day of June 2024 by the following vote:

CITY PROFILE

The City of Santa Fe Springs provides a full range of municipal services, including: police and fire protection, the construction and maintenance of streets and other infrastructure, water utilities, recreational activities, public library and cultural events. Additionally, the City is responsible for two other legally separate entities which include the Successor Agency to the Redevelopment Agency and Housing Successor Agency to the Housing Authority.

The Urban development of Santa Fe Springs began in the early 1950's driven by a planned effort from a coalition of business community members and local residents. This collective effort led to the City's incorporation on May 15, 1957. Initially, the City spanned 4.9 square miles and had a population of 11,787. Today, Santa Fe Springs covers nine square miles, with approximately 84% of the land zoned for commercial and industrial use. The City's current population is about 18,678, while the daytime population swells to an estimated 95,000.

Santa Fe Springs operates as a general law city under a council-manager form of government. Five City Council members are elected at-large for alternating four-year terms. Each year, the Mayor is selected from among these five members. The City Council is responsible for enacting ordinances, adopting the budget, and appointing committee members. There are 9 standing committees, boards and commissions that provide input to the City Council. Among these are the Planning Commission and the Traffic Commission. The City Manager, who administers policies and directives from the City Council, appoints the Executive Management Team. The team consists of the Assistant City Manager, Director of Finance, Fire Chief, Director of Community Services, Director of Parks & Recreation, Director of Community Development, Director of Police Services, and Director of Public Works.

Understanding the information presented in the operating budget and the City's financial statements is enhanced by considering the specific environment within which the City operates.

LOCAL ECONOMY

The City of Santa Fe Springs is strategically located in southeast Los Angeles County with access to major seaports, airports and transportation corridors. The City is home to approximately 3,000 businesses with the top 30 businesses generating close to 50% of the City's total sales tax revenue. The City's sales tax base includes businesses in various sectors: Business and Industry (manufacturing and business-to-business sales), Building and Construction, Autos and Transportation, General Consumer Goods, Fuel and Service Stations, Restaurants and Hotels, and Food and Drugs. Notably, nearly two-thirds of the sales tax revenue comes from manufacturing and construction Businesses. In recent years, businesses in Santa Fe Springs have experienced growth in sales, leading to increased sales tax revenue for the City. With the vast majority of the City zoned for commercial and industrial use, Santa Fe Springs has historically experienced strong development and redevelopment activity in the community.

The City's largest revenue sources in the General Fund are sales tax, the transaction and use tax (Measure Y), and the utility users' tax (UUT). The City's voters approved the additional 1% transactions and use tax (Measure Y) on November 2018, which became effective April 1, 2019. The additional tax has broadened the City's revenue base and added over \$17.6 million in ongoing General Fund revenue.

Economic growth is expected to slow in 2024 due to increased unemployment and lower inflation. According to Congressional Budget Office projections, the Federal Reserve is anticipated to reduce interest rates at the start of FY 2024-25. Economic growth is expected to rebound in 2025 and then moderate in subsequent years. Despite a slowdown in inflation, high consumer prices persist. Nevertheless, Santa Fe Springs continues to advance despite economic challenges. The City's financial position is the strongest it has been in recent years, thanks to prudent decisions by the City Council.

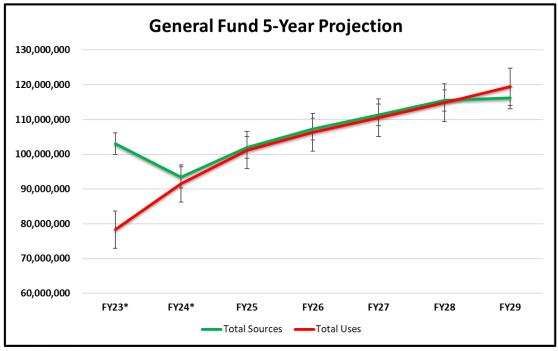

Although economic uncertainty remains high due to record inflation, the City's current financial position is stable, with revenues expected to trend favorably and remain within budget estimates for the year. For the first time since the pandemic, a more optimistic scenario is included in the budget. While hopeful about revenue trends, staff will continue to monitor revenues and any adverse fluctuations. This year marks the sixth year of collecting the voter-approved Measure Y, which is trending positively for the City. Measure Y has alleviated some financial burdens, proving to be a consistent and reliable revenue stream even during the global pandemic. Combined, sales tax and Measure Y account for over 56% of the General Fund revenues.

The spending plan for FY 2024-25 focuses on achieving long-term goals—such as, restoring staffing levels to deliver effective services; seeking alternative revenue sources for capital improvement projects; enhancing and modernizing Information Technology (IT) infrastructure and developing a sustainable plan for water utility. The FY 2024-25 operating budget allocates resources to begin addressing these challenges in the upcoming fiscal year.

(Exhibit A) General Fund 5-Year Projection below accounts for the following:

Revenue Assumptions: Moderate increase to the City's sales tax and Measure Y, which combined represent 56% of the City's General revenues, further increases anticipated for UUT, property tax, other General revenues, and a moderate increase in other revenues between 3% - 5%.

<u>Expenditures Assumptions</u>: Increase in labor costs, inflation-driven increases, and other maintenance and operations increase, three year labor agreement, additional PERS Unfunded Liability Contributions and Normal Cost Contributions, and Additional funding for natural labor increases (i.e., step increases, health insurance (CPI increase), retiree medical insurance (CPI increase), other benefits, etc.)

(*Exhibit A)

VISION, MISSION, AND GUIDING VALUES

The City has a vision statement that affirms: "The City of Santa Fe Springs is a great place to live, work and play," with the following mission statement: "The City of Santa Fe Springs is committed to enhancing the quality of life of its residents and businesses by providing: a safe environment, a thriving business community, quality family, youth, and senior services, and sound financial management of the community's resources."

The guiding values are as follows:

- Personal integrity, honesty, and ethics
- Public service
- Compassion
- Responsibility, accessibility, and accountability
- Dedication

BUDGET DEVELOPMENT & CALENDAR

The City's annual budget is prepared for the fiscal year from July 1st to June 30th. The budget process is a perpetual and iterative operation that includes phases of development, adoption, implementation, adjustment, and oversight throughout the year.

While the City uses an activity based line-item budget, there are multiple different strategies and techniques that the City employs in the development and management of the budget. At a strategic level, there are citywide organizational goals and priorities that lay the foundation on which the budget is built upon. These goals and priorities are then translated into specific activities. These activities become the cost centers that receive fund allocations and are assigned to designated departments. Within the activities are line-items or accounts that help establish internal controls that guide the day-to-day financial management. The budget sheets found within this budget book displays the line-item budget for each activity.

Throughout the development process, City staff is constantly interacting with key stakeholders which include, the City Council, the Executive Management Team, staff and the community. Interaction occurs in various ways from internal meetings to formal public hearings, Council subcommittee meetings and City Council meetings.

Quarterly Review (FY 2024-25)

Quarterly review will now be implemented beginning 2024-25 fiscal year. This new implementation process will allow departments to be proactive when monitoring their budget throughout the year, and ensure that goals and objectives remain aligned to their respective budget. Quarterly reviews will also allow budget transparency throughout the year and allow for projections and analysis with real time quarterly figures.

The first quarterly review will take place between the months of October/November after the budget is adopted by June 30th. The second quarterly review will take place January/February. The third quarterly review will take place in April/May and the last quarterly review in July/August. Quarterly reviews will consist of departments, in conjunction with the Finance Department, analyzing the different activities and their budget variances and determining which budget areas need to potentially be adjusted. The need to adjust the budget typically arises in response to unforeseen circumstances or events. For example, the Council is required to formally recognize the receipt of unanticipated revenue before the City can legally expense the funds. In other cases, a department may need to transfer funds to cover an unexpected shortfall in another account.

October/ November

 1st Quarterly Review- Review and make any necessary adjustments after budget adoption

Budget Calendar

The following budget calendar indicates the months in which budget events or budget items occur. The boxed calendar lists the major activities for the month. While the monitoring and implementation of the budget is an ongoing process, the actual planning for the upcoming fiscal year budget begins in January.

January

2nd Quarterly Review: Review of Departmental Expenditures through December and the development of the Budget Variance Form

February & March

- Development of Base Budget: Position Summary, Labor Distribution, and preliminary figures for the upcoming budget
- City Manager Budget Preparation Discussions with the Leadership Team
- Initial Meetings with the City Manager and Departments regarding labor-related requests
- Departments submit preliminary budgets
- 1st Budget Workshop

The majority of the budget development takes place during the months of February and March. The City departments begin to prepare the position summary, which lists the positions within each department and usually includes any adjustments to positions that have been approved by the City Council during the fiscal year. The Labor Distributions are also updated to reflect how much time, expressed in percentages, each position will charge an activity. Additionally, the City Manager has a meeting with the City's Leadership Team to discuss the overall direction regarding the upcoming budget. Discussion includes current economic environment, budget trends and any other items that can potentially impact the City's budget.

Around the same time, the City Manager meets with departments to discuss labor-related requests. This includes additional positions that are needed to improve operations; filling of vacant positions; upgrading or downgrading vacant positions. Once these discussions have concluded, departments begin to submit their preliminary budget to the Finance department for review.

Three budget workshops have been introduced into the budget process to inform residents of the budget process development and encourage residents to ask question and share valuable insights as to what they want to see included in the budget for fiscal year 2024-25. The first budget workshop is intended to inform residents of the early stages of budget process and learn about the different departmental budgets.

April & May

- Finance Department submits preliminary budgets to the City Manager
- Final Budget Meetings with the City Manager and departments
- 3rd Quarterly review
- 2nd budget workshop
- 3rd budget workshop- Budget Introduction

In early April, Finance submits preliminary budget to the City Manager for review. The final meeting between Departments and the City Manager also occurs during a span of a couple of weeks during April. These discussions include final adjustments to the upcoming budget; discussions on current year trends; and final decisions on labor-related requests. In early May, the second workshop takes place and updates are shared with residents regarding the progress of the budget process from the first workshops, and new recommendations are brought forward. At this stage, departments are still introducing their budgets to new residents who are attending their first workshop. At the end of May, the third and final workshop takes place. The third workshop is intended to finalize all the recommendations for the upcoming fiscal year, share current year-end estimates, and overall budget figures before adoption in June. In this period of time, the third quarterly review with departments is completed.

June & July

- City Council Adoption of the Budget
- Start of the New Fiscal Year
- 4th Quarterly Review

Once the Budget has been presented in the third budget workshop, the Finance department makes the recommended adjustments (if applicable) and the budget is introduced to the City Council. The City Council discussions are similar to the budget workshops, but in much more detail. The City Council may make changes to the budget at this stage of the budget process. On or before the 30th day of June, the City Council meets to adopt the proposed budget, as amended, by the affirmative vote of a majority of the five-member Council. The adopted budget becomes the authority for the various departments to expend appropriations, subject to controls established by state law and internal guidelines. In this time period, the fourth and final quarterly review with departments is completed.

City Council Priorities for FY 2024-25

City Council priorities for enhancing community safety, optimizing resources, engaging the community, modernizing operations, and improving infrastructure.

1. Community and Public Safety Enhancements

- Improve park safety, security, and infrastructure.
- Conduct paramedic response and ambulance feasibility studies.
- Purchase firefighter safety equipment and update the Local Hazard Mitigation Plan.
- Implement a Community Assistance Program for crisis support.

2. Comprehensive Planning and Policy Updates

- Develop a comprehensive master plan for parks and recreation.
- Update the zoning code and revise the Family Fund Policy.
- Create policies prioritizing resident usage at City facilities.

3. Resource Optimization and Fiscal Sustainability

- Foster partnerships for resource optimization.
- Secure grants for sustainability, growth, and facility improvements.
- Expand volunteer programs and streamline transit services.

4. Community Services and Engagement

- Re-open Heritage Park Café and repurpose Café Libre for local vendors.
- Launch new street banner programs and expand transit operations.
- Enhance older adult services and increase outreach to the business community.

5. Operational Efficiency and Modernization

- Digitize department files and records.
- Initiate strategic planning for the Library and city rebranding projects.
- Reconfigure public and staff spaces for better service provision.

6. Infrastructure and Facility Improvements

- Renovate and reopen the Aquatic Center.
- Update Fire Administration/Prevention/Environmental office space.

FINANCIAL PLANNING, POLICIES AND GUIDELINES

Meeting the service level demands of the community while ensuring the City's financial stability, has challenged the City to develop new strategies to balance both. Some key elements in providing long term stability include: partnering with the City's various bargaining units to share the burden on pension and benefit costs, seeking new revenue enhancements and economic development opportunities, implementing innovative practices to the City's operations, refinancing existing debt, developing a solution for water utility, and partnering with the City of Whittier to provide Police Services. In addition, the City has developed and established several financial best practices and guidelines.

The information in the following section is based on longstanding City policies, practices, and recommendations developed by various government finance associations including the International City and County Managers Association (ICMA), Government Finance Officers Association (GFOA), and California Society of Municipal Finance Officers (CSMFO).

Budget Guidelines

It is the City's commitment and intention to adhere to the following budget guidelines:

- The City will strive to maintain an unassigned fund balance of at least 40% of operating expenditures, excluding transfers, in the General Fund. Given the City's revenue base and its volatility during economic downturns, the 40% is considered the minimum level necessary to maintain the City's credit worthiness and to adequately provide for sharp declines in operating revenues, sustain General Fund operations, and/or to offset budget deficits whether structural in nature or not;
- The City will avoid budgetary strategies that balance current expenditures at the expense of meeting future years' expenses, such as postponing expenditures, accruing future years' revenues, or rolling over short-term debt;
- City staff will strive to present annually to the City Council a balanced budget, meaning ongoing
 operating revenues match ongoing operating expenditures, for adoption;
- Budgetary and accounting procedures will conform to Generally Accepted Accounting Principles (GAAP) for government agencies;
- The budget will provide for adequate funding of retirement obligations in accordance with contractual commitments;
- The City will maintain a budgetary control system to assist staff with adhering to the budget guidelines;
- The City will monitor departmental budgeted expenditures versus budget appropriations;

All requests for City Council action which have a fiscal impact, where appropriate, on the City and/or
its various funds shall be reviewed by the Finance Department before such requests can be included
within the City Council agenda;

 The City of Santa Fe Springs utilizes a modified and accrual basis for Accounting & Budgetary financial purposes.

Revenue Guidelines

- Staff will estimate City annual revenues by an objective, conservative and analytical process;
- Staff will prepare revenue projections and a financial forecast as part of its long-term financial planning;
- The City will strive to establish user charges and fees in order to recover the cost of providing the services to reflect the impact of inflation and other cost increases.

Investment Policy

The intent of the Investment Policy is to define the parameters within which funds are to be managed. The City will invest its funds in such a manner as to

comply with applicable state laws (California Government Code Section 53600, et seq. and 53630, et seq.), ensure prudent money management, provide for daily cash flow needs, and meet the City's investment objectives. The primary objectives, in priority order, of the investment activities of the City are:

- 1. <u>Safety</u> Safety of the principal is the foremost objective of the investment program. Investments will be undertaken in a manner that seeks to ensure preservation of capital in the portfolio;
- 2. <u>Liquidity</u> The investment portfolio will remain sufficiently liquid to enable the City to meet its cash flow requirements;
- 3. **Return on Investment** The investment portfolio will be designed with the objective of attaining a market rate of return throughout budgetary and economic cycles, taking into consideration with the investment risk constraints of safety and liquidity needs.

The Investment Policy applies to all funds and investment activities of the City except for the investment of bond proceeds, which are governed by the appropriate bond documents, and any pension or other postemployment benefit funds held in a trust that has a separate investment policy. The Policy outlines the authorized and suitable investments for the City.

The Finance Department staff, with assistance from the City's investment advisor, analyze the portfolio and act to maximize earnings while safeguarding assets and maintaining liquidity. On an annual basis, staff conducts an evaluation of the City's Policy to determine compliance with applicable federal and state regulations and with industry standards and best practices to determine if any enhancements or newly

adopted rules and regulations are required to be incorporated within the Policy. Based on these regular staff evaluations annual updates and revisions to the investment policy may be recommended.

Debt Management Policy

The Debt Management Policy establishes the parameters within which debt may be issued and administered by the City of Santa Fe Springs (the "City"), the Santa Fe Springs Public Financing Authority, the Santa Fe Springs Water Utility Authority, and the Successor Agency to the Community Development Commission of the City of Santa Fe Springs (collectively, the "Covered Entities"). The Policy strives to comply with Government Code Section 8855(i) and to:

- Maintain the Covered Entities' sound financial position;
- Ensure the Covered Entities have the flexibility to respond to changes in future service priorities, revenue levels, and operating expenses;
- Protect the Covered Entities' credit-worthiness;
- Ensure that all debt is structured in order to protect both current and future taxpayers, ratepayers and constituents of the Covered Entities;
- Ensure that the Covered Entities' debt is consistent with their planning goals and objectives and capital improvement program or budget, as applicable.

The Policy also establishes purposes for which debt may be issued, outlines the different types of debt that may be issued, details what constitutes long-term and short-term debt and the circumstances in which the City can either issue long-term or short-term debt as well as financings on behalf of other entities.

Financial Practices and Guidelines

The following financial practices articulate the premises of guidelines for which the City adheres to on various financial transactions the City may enter into during the course of its day-to-day operations.

- The accounting system will maintain the City's financial records on a basis consistent with Generally Accepted Accounting Principles (GAAP) applicable to local government along with adherence to the current GFOA and CSMFO best practices if applicable;
- Financial Reports will be generated, on a monthly basis detailing the City's Revenues and Expenditures for both a summary and detail basis;
- The Annual Comprehensive Financial Report (ACFR) will be prepared at the end of each fiscal year to account for the City's financial transactions for the year;
- In accordance with state law, an Investment Report will be prepared on a quarterly basis to account for the amounts, placements, and yields of the City's invested funds;
- In accordance with state law, an independent firm will perform an annual audit of the financial statements of the City and will publicly issue an opinion therein.

FUND BALANCE & FUND DESCRIPTIONS

The City generates fund balance (or accumulation of operating surpluses) during years when revenues exceed expenditures. There are five major fund balance categories that the Governmental Accounting Standards Board ("GASB") created in its GASB 54 pronouncement: Nonspendable, Restricted, Committed, Assigned and Unassigned.

- **Nonspendable**: Amounts not in spendable form or are legally or contractually required to be maintained intact. Examples include: inventory, notes and loans, prepaid items and/or advances.
- **Restricted**: Portions of fund balance that are externally imposed by grantors, contributors or laws or regulations of state or federal governments or imposed by law through constitutional provisions or enabling legislation. Examples include: federal and state grants for a specific purpose and/or restricted donations or contributions.
- <u>Committed</u>: Amounts constrained to specific purposes by a governments itself, using its highest level of decision-making authority (City Council), and remains binding unless removed in the same manner. Examples include: Capital projects and/or contractual obligations.
- Assigned: Amounts a government intends to use for a specific purpose but are neither restricted
 nor committed; intent can be expressed by the governing body, or by an official or body to which
 the governing body delegates the authority. Examples include: Economic Contingency Reserve,
 Unfunded Liability Reserve, Equipment Replacement Fund, Employee Liability Fund and/or
 Insurance/Risk Management Reserve.
- **Unassigned**: Amounts available for any governmental purpose.

It is the City's policy to maintain an unassigned fund balance of at least 40% of operating expenditures, excluding transfers, in the General Fund. Given the City's revenue base and its volatility during economic downturns, the 40% is considered the minimum level necessary to maintain the City's credit worthiness and to adequately provide for sharp declines in operating revenues, sustain General Fund operations, and/or to offset budget deficits whether structural in nature or not.

FUND ACCOUNTING STRUCTURE

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City of Santa Fe Springs, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with legal requirements. All of the City funds can be divided into three categories: governmental, proprietary and fiduciary.

Governmental Fund Type

Governmental activities – normally supported by taxes and intergovernmental revenues – are reported separately from proprietary funds (business-type activities), which rely to a significant extent on fees and charges. Governmental funds are the largest of the City's three fund types and consist of the following:

- <u>General Fund</u> The City's primary operating fund. Revenue not allocated by law or contractual agreement to a specific fund are accounted for in the General Fund, which includes sales taxes, property taxes, utility users' tax and other taxes and miscellaneous revenues.
- <u>Special Revenue Funds</u> Account for proceeds from specific revenue sources (other than trusts or major capital projects) restricted to specific expenditure purposes.
- <u>Capital Funds</u> Accounts for monies used to acquire or construct major capital facilities (other than those funded by proprietary or trust funds).

Proprietary Fund Type

Proprietary funds account for operating revenues and expenses generally resulting from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. Rate charges are set to recover the costs of providing the services. The City currently has one Enterprise fund – the Water Utility fund.

Fiduciary Fund Type

This fund type accounts for assets held by the City in a trustee capacity or as an agent on behalf of others. The City has two types of Fiduciary funds:

- <u>Private-Purpose Trust Fund</u> Accounts for the custodial responsibilities assigned to the Successor Agency pursuant to the Dissolution Act;
- <u>Agency Funds</u> Accounts for special assessments received by the City as an agent for payment of Assessment District bonds and/or Community Facilities District debt and expenses.

CURRENT DEBT OBLIGATIONS

Local governments typically issue debt to finance non-operating items such as the construction costs of capital projects in their annual budget. Prudent debt management requires these capital investments in City infrastructure improvements, public buildings, and other facilities to be scheduled properly so as not to overload the City's debt service ability. For example, bond issues are carefully sized, structured, and timed for the most opportune entry into financial markets.

The table below demonstrates the City's long-term debt obligations. Projected payments for bonds and capitalized lease obligations for the next five years will come from the General Fund.

Debt management is a strategic initiative because capital budgets tend to be larger than operating budgets. The City's debt management strategy is to balance sources of debt funding, constrain bonded indebtedness, and support needed investment in capital facilities so that Santa Fe Springs remains a desirable location for residence, employment, and investment.

California Government Code, Section 43605 sets the debt limit for the City at 15% of the assessed value of all real and personal property of the City. Because this Code section was enacted when assessed value was 25% of market value, the limit is calculated now at one-fourth of that amount or 2.31 percent. For details on current General Fund debt service levels as a percent of budget and for where the City stands on the State's legal debt margin, see the Annual Comprehensive Financial Report's (ACFR) Statistical section for the Computation of Legal Debt Margin information.

Although the City does not have any general obligation debt (repaid from taxes or revenue form general operations) that impacts its debt limit, the City does have other debt obligations that impact its cash flow and that need to be paid. These include long-term debt service bonds such as tax allocation bonds, water revenue bonds, and capitalized lease obligations as listed in the table below:

City of Santa Fe Springs Five-Year Debt Service Schedule										
Debt Obligations	FY 2024-25	FY 2025-26	FY 2026-27	FY 2027-28	FY 2028-29

Total Citywide budgeted appropriations for FY 2024-25 amount to \$121.1 million and (Exhibit B) below illustrates where the funding will be expended. Total appropriations this fiscal year increased by 26% when compared to FY 2023-24 due primarily to increases in the General Fund and the Water Utility Fund. As illustrated above, the General Fund is the largest fund with total expenditures of \$100.5 million or 83% of all appropriations to fund programs and services through the City's various departments followed by the Water Utility Fund at \$19.3 million or 16% of the total Citywide budget.

Internal Service Funds are established to account for any activity that provides goods or services to other funds or departments of the City on a cost-reimbursement basis. Embedded within the departments' various activities are equipment replacement charges for the eventual replacement of vehicles used by the departments. These charges are for the maintenance, repair, and replacement of City vehicles and other gasoline or diesel-powered equipment.

While the Equipment Replacement Fund operates on a cost-reimbursement basis, the City has a long-term practice of setting aside surplus funds to address the needs of the organization whether through the insurance stabilization fund (to address any significant increases to the City's liability and/or workers compensation rate) or the employee liability fund (to address employee related benefits).

GENERAL FUND

The General Fund is the largest city fund and is the main operating fund for the City. The General Fund budget is the largest component of the total City Budget. It accounts for sources and uses of resources that (primarily) are discretionary to the City Council in the provision of activities, programs and services deemed necessary and desirable by the community. It also accounts for all general revenues of the City not specifically levied or collected for other City funds, and the related expenditures. The major revenue sources for the General Fund are sales tax, transaction and use tax (Measure Y), utility users' tax, property taxes, franchise fees and other miscellaneous income. The General Fund's expenditures are incurred for the City's essential functions including public safety (police – contracted with the City of Whittier and fire services); infrastructure improvement; recreational, cultural, social services, and city administration (City Manager's Office, Finance, Human Resources, City Attorney, etc.).

Services Provided by the General Fund

General Government:

- City Council
- City Manager
- City Attorney
- City Clerk
- Finance (including Purchasing)
- Human Resources
- Technology Services
- Risk Management

Public Safety:

- Police (contracted with the City of Whittier)
- Fire

Community Development:

- Planning and Development
- Economic Development
- Building Regulation
- Housing

Public Works:

- Capital Improvement Plan (CIP)
- Engineering
- Municipal Services

Cultural and Leisure

- Parks & Recreation
- Library & Cultural Services

Human Services

• Family & Human Services

FY 2024-25 Projected General Fund Reserves

General Fund Revenue

GENERAL FUND REVENUE

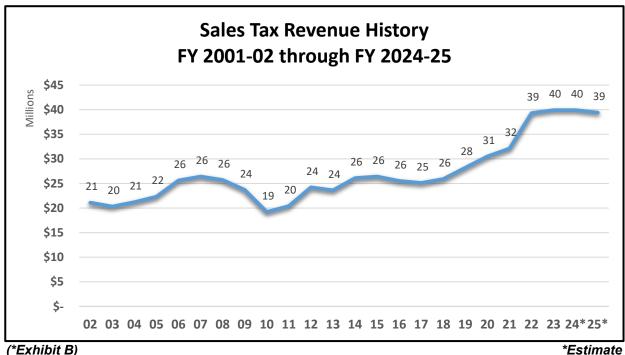

(*Exhibit A)

FY 2024-25 Equipment Replacement Fund Transfer \$1.14 (one-time funding source)

During FY 2024-25, General Fund revenues (not including the Water Utility Fund) are expected to total \$102.8 million, which includes a transfer of \$1.1 million of one-time use funding from the Vehicle & Equipment Fund. Evidently (Exhibit A), key increases in revenue are expected from sales tax (3.8%) and the transaction and use tax (12.6%), which is an approximately \$3.4 million increase. Sales tax and the transaction and use tax are proposed at \$39.4 million and \$17.6 million, respectively. Additionally, increases are also anticipated in property tax, Utility User's Tax, Vehicle in Lieu taxes, program revenues, and use of other funds. These figures are budgeted based on projections provided by the City's consultants along with historical trend analysis. Staff will continue to closely monitor the City's revenues and any adverse fluctuations in expected trends.

The City of Santa Fe Springs employs various techniques to project ongoing revenues and ongoing expenditures. By utilizing these techniques, multiple variable can be considered in the development of the annual operating budget. Some of the variables considered include: performance of key national, state and local economic indicators; revenue growth rate; analysis of revenue risks; payroll growth rate; actuarial reports on retirement plan rates, and a variety of other factors.

Revenue estimates are developed by the Finance Department in coordination with other City departments by utilizing trend analysis, judgmental forecasting, and expert opinion. The focus is on a three-year trend that is the basis for objective and conservative revenue estimates for the upcoming year. An emphasis is also placed on atypical occurrences that can adversely affect the estimates by expecting the revenues too high or too low. Judgmental forecasting is used to modify projections for these known past, current and predictable anomalies. The City utilizes expert opinion (i.e., governmental reports, economic reports, studies, consultants) to validate or modify any assumptions developed into the different revenue sources.

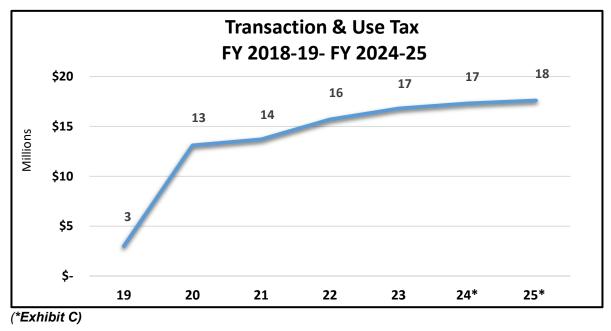

*Estimate

Sales Tax Revenue

The State of California's Department of Tax and Fee Administration (CDTFA) disburses monies to counties and cities on a quarterly basis with advances paid monthly. Quarterly adjustments are made to reflect the actual funds collected. The Sales Tax is charged by the retailers who sell tangible property in the state. The tax is measured by gross receipts from retail sales at a rate of 10.5%. Effective April 1, 2019 the distribution of the tax of 10.5% is as follows: 8.5% to other governmental agencies and 2.0% to the City of Santa Fe Springs – 1% for Bradley-Burns and 1% for the Transaction & Use Tax (Measure Y).

Historically, the City has benefitted greatly from the large business community and the sales tax revenue generated. During the Great Recession, however, the City's revenues were disproportionately impacted by the downturn in the economy. Since then, modest gains have generally provided for a slow but steady rise. In (Exhibit B) above, FY 2014-15, sales tax revenue reached the pre-recession high of \$26.4 million, followed by two years of declines to \$25.1 million in FY 2016-17 and followed by consistent growth into FY 2018-19 through 2021-22. COVID-19 pandemic-related "shelter-in-place directive issued in March 2020 significantly impacted certain businesses and pushed consumers to buy online. Sales tax received in

FY 2022-23 (\$39.9 million) was the highest ever recorded and it is anticipated the same for FY 2023-24. For FY 2024-25, the revenue estimate is essentially flat with a reduction to \$39.4 million.

Transactions & Use Tax (Measure Y)

In November 2018, the City of Santa Fe Springs voters approved a 1% transactions and use tax. The tax became effective April 1, 2019 with the first payment to the City beginning in June 2019. Transaction and use tax is essentially the same as the sales tax except that it is only subject to transactions delivered to customers within the City (i.e. point-of-destination) whereas sales tax applies to transactions originating within the City (i.e. point-of-sale). The graph above (Exhibit C), shows the historical trend of the Transactions & Use Tax since it became effective in 2019. According to HdL, transactions and use tax generated approximately 44.1% of the Bradley Burns amount during the first quarter, led by a solid performance from general consumer goods. Transactions and use tax continued to trend favorably for the City. Staff anticipates an increase of \$0.2 million or 1.4% over year end estimates, at \$17.6 million, which is evident in (Exhibit C) above.

Utility Users' Tax

The utility users' tax (UUT) is imposed on every individual or entity using a utility within the City. Utilities subject to the tax include electricity, gas, and telephone (including cellular telephones). Individuals and entities using these utility services pay a tax rate of 5.0% on all charges. According to the Avenu Insights & Analytics (Avenu) forecast, the average U.S. retail price of electricity is projected to increase between 1.96% to 3.58% for residential and commercial and a slight decrease of .7% in the industrial sector. The market of supply and demand of natural gas continue to trend upward through a combination of low storage levels and increased demand during the winter season. Meanwhile, telecommunication revenues are forecasted to reflect a continued decrease due to competition among existing and new providers and the commoditization of products and services. Businesses are shifting to the utilization of streaming services as wired line usage is fast becoming obsolete. Based on various factors, UUT is estimated to have an increase of \$1.0 million over the prior year's estimate, at \$8 million.

General Fund Expenditures

GENERAL FUND EXPENDITURES

(*Exhibit D)

*FY 2024-25 Vehicle/ Equipment Acquisition transfer of \$1.14 million

General Fund expenditures and operating fund transfers are expected to total approximately \$100.5 million in FY 2024-25, or about \$9.1 million greater than the FY 2023-24 Adopted Budget of \$91.5 million. The total budget expenditures and uses, including a \$1.4 million Vehicle/Equipment Acquisition transfer. The increase of 9.9% is due to a variety of factors including: 3% - 4% cost of living adjustment (COLA) as part of the 3-year labor agreements, general rise in labor related costs – CalPERS contributions, step increases, health care increases, and minimum wage increases – inflation driven increases in maintenance and operations as well as other recommended operating needs.

Additionally, the budget also includes funding for several organizational needs. These include:

- Seventeen (17) new full-time positions
- Nine (9) adjustments including eight (8) full-time positions and one (1) hourly position:
- 43,545 hours for hourly positions:
- Funding for new and replacement of various City equipment/vehicles;
- Funding to implement Class & Compensation Study;
- Funding for additional police contract costs;
- Funding for IT infrastructure improvements and new software;
- Funding for replacements of furniture in public facilities, refurbishments of public facilities, internal process improvements, and public safety replacements;

The City's utmost priority is the commitment to public safety and this fiscal year's budget demonstrates it as a total of \$47 million, or approximately 47% of the General Fund appropriations has been allocated to uphold the City's commitment to public safety. Public safety funding includes appropriations of \$26.8 million for Fire and emergency response services and \$20.2 million for Police Services – of which \$15.5 million is for the contract with the City of Whittier to provide sworn and non-sworn Police personnel and the other \$4.7 million is allocated for other Police services such as, Public Safety Officer Patrol, Animal Control, and Code Enforcement.

The third largest share of the General Fund appropriations (\$18.2 million or 18% of the General Fund budget) is managed by the Public Works department to develop, construct and maintain the City's infrastructure. The Community Services department manages \$8.3 million or 8% of the General Fund budget to provide a variety of services aimed at engaging with the community through library and social service programs. The new department Parks and Recreation manages \$6.5 million or 7% of the General Fund budget to provide recreational activities, comprehensive programs, and special events to the community. The remaining 20% of the City's General Fund budget is allocated as follows: City Manager's Office (10%), Finance (4%), Community Development (3%), and Non-departmental (3%).

CITY MANAGER'S OFFICE

Mission Statement

The City Manager's Office is dedicated to implementing the priorities and objectives set forth by the City Council, delivering exceptional services, projects, and programs to the citizens of Santa Fe Springs. We strive to provide timely and accurate information, act as the primary liaison to community stakeholders, and maintain effective intergovernmental relations at all levels. Through organizational leadership, fiscal responsibility, and adherence to City Council policies, we are committed to enhancing the quality of life in Santa Fe Springs while ensuring efficient and effective city operations.

Department Description

The City Manager's Office is the central administrative body of Santa Fe Springs, encompassing the City Manager's administration team, City Clerk, offices of the City's Elected Officials, City Attorney, Human Resources, and Information Technology. The City Manager, serving as the chief executive officer, is responsible for implementing City Council priorities and objectives, ensuring the delivery of high-quality services, projects, and programs to the residents of Santa Fe Springs.

The City Manager also oversees the preparation and administration of a balanced annual budget, provides organizational leadership to City staff and operations, and acts as the primary liaison for community stakeholders and intergovernmental relations at the local, regional, state, federal, and international levels.

The City Manager appoints the Executive Management Team, which includes the Assistant City Manager, Director of Finance & Administrative Services, Fire Chief, Director of Community Development, Director of Community Services, Director of Parks & Recreation, Director of Police Services, and Director of Public Works.

The City Attorney, serving as the legal counsel for the City, advises the City Council and staff on legal matters related to municipal operations, with services provided through a private legal firm.

The City Manager's Office is dedicated to ensuring effective and efficient city operations, maintaining and enhancing the quality of life in Santa Fe Springs, and providing timely and accurate dissemination of information to the public.

<u>Summary of Notable Accomplishments During Fiscal Year 2023 – 2024</u>

- Successfully enhanced department operations by augmenting staff. The City Manager's Office have added Human Resources and IT staff under the umbrella of the City Manager's Office for increased efficiency, collaboration, and overall productivity.
- Launched new, more simplified performance evaluations making it more efficient for Supervisors to complete. Evaluations will now be due on the employee's anniversary or promotion date.
- Successfully updated Covid-19 reporting protocol for improved communication between HR, departments, and the affected employee.
- Implemented a revised Vehicle Use Policy. An employee will now be required to submit a request for a take home vehicle. The request requires review and approval from the Department Head and City Manager.
- The City's classification and compensation study is complete and was presented to Council on June 4th, 2024.
- The City's IT team successfully launched the City's first YouTube Council Meeting on January 11th, 2024. The meetings are now available to view anytime on the City's website.
- Recently, staff met with the City's franchised trash haulers. At this meeting, many topics were
 discussed including the 2.4% CPI rate increase for Commercial/Industrial effective 1/01/24. Republic
 Services also introduced its new Municipal Manager, Jorge Herrera.
- Collaborated with the Finance Department's banking RFP process. This process is recommended to
 periodically review banking services provided to the City to ensure the receipt of quality service and
 appropriate fee structure.

Department Narrative Fiscal Year 2024-25

CITY MANAGER'S OFFICE

Goals/Objectives for Upcoming Fiscal Year 2024 - 2025

- Assess internal City operations and administrative processes to ensure internal operations meet expectations and needs of the community and residents.
- Continue to conduct an IT Security assessment, which includes site, application, infrastructure, security, and services inventory. The assessment also includes all servers and software, remote access and mobility; and, backup and disaster recovery.
- Continue to work on repairing the reader board system (TCH parking lot area). Replacing the "blaze media converter" should be the last step needed to complete the repair and get our reader board operating.
- Continue implementing the City's new online timekeeping, payroll and HR software using UKG products. This new program will modernize operations and save significant staff time.
- Evaluate Community Services facilities audiovisual needs for enhancing AV systems. Specifically, those facilities used for rentals/permits.
- Continue to provide guidance to Department Directors regarding personnel matters.

Department Narrative Fiscal Year 2024-25

FINANCE

Mission Statement

The Finance Department (Finance & Admin) is dedicated to upholding the highest standards of financial stewardship. Our mission encompasses maintaining meticulous financial records in accordance with Generally Accepted Accounting Principles (GAAP) and ensuring compliance with State and Federal regulations. We are committed to safeguarding the city's valuable resources with integrity and diligence.

Finance is focused on enhancing financial planning, reporting, and forecasting to empower operating departments in realizing their program objectives effectively. By providing accurate, timely, and transparent financial information, we aim to support informed decision-making by elected officials, the City Manager, and the public. Through our dedication to excellence and accountability, we strive to foster trust and confidence in our financial practices and contribute to the continued prosperity of Santa Fe Springs.

Department Description

The Finance Division is responsible for all City accounting, cashiering, financial planning, and investment activities, including managing the City's investment portfolio and overseeing debt and bond issues. Accounts for financial transactions of the City, Successor Agency, Water Utility Authority, and Public Finance Authority. Projects and monitors revenues, forecasts long-term financial conditions, oversee the fee study, coordinates audits, and prepares the City's budget and Annual Comprehensive Financial Report (ACFR). Manages day-to-day financial transactions, including accounts payable, accounts receivable, payroll, and finance subsystems. Coordinates inventory management for the City's general fixed assets. Provides accounting for over \$100 million in revenues and expenditures annually, producing over 100 reports for state and federal agencies.

Procurement and Administration Division is responsible for overseeing organization-wide operations and managing the acquisition of goods and services. Provides technical assistance and management support to all City departments. This includes the administration of central telephone and mail functions, directing inquiries to appropriate staff, processing and distributing mail, and managing the City's voice network. Manages the requisition process, maintains stock levels at the central warehouse, and provides funding for equipment and services related to duplicating.

<u>Summary of Notable Accomplishments During Fiscal Year 2023 – 2024</u>

- Contracted with UKG for the payroll portion of the Human Resources and Payroll software project.
- Implemented Planetbids to streamline the Procurement process.
- Issued a Request for Proposal (RFP) for banking services and selected Farmers & Merchants Bank which saves the city approximately \$16,000 in annual banking activity charges.
- First time Finance receives an Investment policy certificate validated by California Municipal Treasurers Association (CMTA).
- Successfully implemented three budget workshops in the budget process that allowed for Council action and comprehensive understanding among city residents.

Department Narrative Fiscal Year 2024-25

POLICE SERVICES

Mission Statement

The Department of Police Services is dedicated to public safety and working together for a safe community. Our mission is to provide high quality public safety and law enforcement services through unique community-police partnerships.

Department Description

The Department of Police Service is responsible for the management of all law enforcement services in the City. It is comprised of City Administrative Personnel, Public Safety Officers, and Code Enforcement Inspectors, who work alongside Whittier Police Department sworn personnel on developing effective solutions to address community defined law enforcement concerns and providing quality service. Through collaborative partnerships, the Department provides a variety of supplemental programs and services to enhance the safety and wellbeing of the community.

The Department is led by the Director of Police Services and Assistant Director of Police Services who are responsible for planning and directing and coordinating public safety and law enforcement activities and overseeing the daily operations. Additionally, (2) full-time Administrative Assistants and (1) hourly Administrative Clerk provide customer service to patrons and support all department personnel. Administrative personnel also manage the departments False Alarm Program, DUI Restitution, Animal Control Program, and process regulatory permits such as Secondhand Dealer permits, mobile food truck, sidewalk vending, solicitors, yard sale, special events permits and rebate programs.

Public Safety Officers (PSO's) provide citywide support and perform a variety of public safety and law enforcement functions and serve as a liaison between law enforcement and the community. Currently, the PSO program deploys (1) PSO Supervisor, (3) Lead PSOs, and (9) part-time PSO's. PSO's work seven days a week to enhance the quality of life and increase the safety and well-being of citizens who live, work and visit the City. Their duties include but are not limited to responding to non-emergent/non-hazardous calls for service, preparing crime reports, traffic collision reports, providing security at City permits, securing parks, coordinating the removal of illegally dumped items and graffiti, assisting at City special events, community engagement/programs and enforcing parking/municipal code violations. PSO's supplement sworn personnel by responding to non-emergent calls for service and addressing quality of life concerns, which allows for sworn officers to remain free to respond to priority calls.

Code Enforcement is another significant component of the department consisting of (1) Senior Code Enforcement Inspector and (2) Code Enforcement Inspectors. The Division works closely with all City departments to ensure community needs are met. Inspectors are responsible for enforcing municipal code violations related to commercial and residential property maintenance standards, illegal business operations, unpermitted land use and illegal construction. Code Enforcement Inspectors also enforce building code violations, zoning violations, health and safety standards related to environmental protection and neighborhood preservation.

Summary of Notable Accomplishments During Fiscal Year 2023 – 2024

- Successfully increased the number of ALPR Cameras deployed throughout the City.
- Successfully implemented a Senior Code Enforcement Inspector to increase efficiency and effectiveness.
- Successfully implemented a Special Enforcement Detail to focus on quality of life issues.
- Successfully connected with the community through community policing events, programs & awareness campaigns.
- Entered into an agreement with the California Highway Patrol to improve traffic safety.
- Completed several large homeless encampment cleanups throughout the City.

Department Narrative Fiscal Year 2024-25

POLICE SERVICES

Goals/Objectives for Upcoming Fiscal Year 2024 - 2025

- Increase public engagement through collaborative partnerships and expanding community-police programs.
- Enhance crime prevention efforts and traffic safety.
- Advance the use of technology to improve services, safety, efficiency and effectiveness.
- Implement facility upgrades to enhance security and safety at City facilities and Parks.
- Continue to promote and maintain a desirable living and working environment.
- Increase department personnel to provide high quality service to the community, reduce crime and maintain acceptable police response times.
- Prioritize staff development and leadership through enhanced training and mentoring.

Department Narrative Fiscal Year 2024-25

FIRE & RESCUE

Mission Statement

It is the pledge of the Santa Fe Springs Department of Fire-Rescue to protect and reduce loss of lives, damage to property, and the environment due to fire, hazardous materials, natural disasters, and other emergencies; to give comfort to both the residential and business citizens of Santa Fe Springs as well as all who visit and pass through on a daily basis; to make Santa Fe Springs a safe place to live, work, and play; to offer employees a physically and mentally safe place to work, the ability to promote and progress within the organization, the opportunity to be free-thinking and innovative; and to fulfill our obligation to the community by being fiscally prudent, visionary, and farsighted.

Department Description

The Fire Department is divided into four divisions: Fire Operations (Suppression, Emergency Medical Services, Emergency Preparedness, and Training), Fire Administration, Fire Prevention, and Environmental Protection Services.

The Fire Operations Division is staffed by 45 personnel assigned to three shifts and fills Fire Battalion Chiefs, Fire Captains, Fire Engineers, Firefighter/Paramedics, Paramedic Trainees, and Reserve Firefighters (known as Auxiliaries). These personnel work a 56-hour work week, providing fast and efficient emergency response to fires, hazardous conditions, rescues, illnesses, and any other conditions where the health, safety, and welfare of the public is in jeopardy out of the four strategically located fire stations by way of three fire engines, one fire (ladder) truck, a paramedic squad, and a battalion chief vehicle. This personnel responds to nearly 4,000 calls for service each year and dispatch services are provided by Downey Fire Communications Center.

The Fire Administration Division consists of the Fire Chief and his Administrative Staff. The Fire Chief, under the direction of the City Manager and the City Council, is responsible for long-range planning, budgeting, personnel development, and for setting and meeting specific goals and objectives related to maintaining and improving levels of service to the community, through constantly seeking out new programs and innovations to maintain the highest level of service at the most reasonable cost.

The Fire Prevention Division is tasked with protecting the community through education and prevention efforts to find and eliminate hazards before they become an emergency, and are divided into two major programs which focus on Fire Safety and Environmental Safety. The Fire Safety Programs mitigate hazards associated with life or property loss, which include the responsibility for investigations and community relations, as well as recovering costs for plan checks, inspection services, and annual permits required by the California Fire Code or other regulations and investigations.

The Environmental Protection Services Division is designed to protect the public and worker safety, as well as the environment. The division's primary objective is to prevent harmful exposures to the public and the environment from hazardous substances through education and enforcement, to maintain the economic viability of the regulated community, as well as oversee the cleanup of contaminated properties. This Environmental Protection Services Division focuses on the State designated Certified Unified Program Agency (CUPA), which is responsible for hazardous waste, underground storage tanks, aboveground storage tanks, industrial wastewater, hazardous materials, community right-to-know, and accidental release prevention programs.

Department Narrative Fiscal Year 2024-25

FIRE & RESCUE

Summary of Notable Accomplishments during Fiscal Year 2023 – 2024

- Grant awarded from the State Homeland Security Program in the amount of \$564,573.00 for firefighting equipment and training.
- Grant awarded from the Assistance to Firefighters Program in the amount of \$490,905.00 for self-contained breathing apparatus and firefighter safety gear (turnout)
- Conducted hazardous waste training for local small businesses to educate and reduce business costs associated with the generation of hazardous materials.
- Issued a total of 4,136 permits, which include Certified Unified Program Agency (CUPA) and California Fire Code.
- Successfully conducted 2,496 CUPA and Fire inspections.
- Conducted 652 fire and life-safety inspections.
- Established a peer-to-peer mental health awareness program.
- Implemented a fully digital environmental and fire prevention plan check process.
- The Urban Search and Rescue Team hosted a regional training drill at the National Disaster Search Dog Foundation in Santa Paula, California.
- Responded to five (5) State emergencies which included four (4) wildland fires and one (1) hurricane.
- Hosted a Breakfast with First Responders to collect toy donations for the City's Neighborly Elf Program.
- Hosted a Potato Bake fundraiser at Fire Headquarters to raise money for the American Cancer Society Relay for Life event.
- Hosted a Fire Department Open House to promote public safety through various fire prevention awareness programs and activities.

•

Goals/Objectives for Upcoming Fiscal Year 2024 - 2025

- Conduct a Paramedic response study for an additional unit to better service the community.
- Conduct an ambulance feasibility study for future ambulance transportation in the City.
- Purchase firefighter safety equipment (turnouts).
- Update the City's Local Hazard Mitigation Plan for emergency preparedness.
- Update the Fire Administration/Prevention/Environmental office space.
- Increase staffing to include a residential housing inspector.
- Increase community outreach and education efforts to ensure public safety.
- Pursue grants to secure additional funding for equipment upgrades, training programs, and facility improvements.
- Digitize all Fire Department files and records.
- Create and implement a Community Assistance Program that will provide supportive services through a first response model to people experiencing mental health, substance use, and homelessness related crises.

COMMUNITY DEVELOPMENT

Mission Statement

The Community Development Department is committed to fostering a vibrant, inclusive, and sustainable community through strategic planning, innovative programs, and collaborative partnerships. We are dedicated to enhancing the quality of life for all residents, businesses and visitors, by promoting economic growth, preserving cultural heritage, and ensuring a safe, well-designed, resilient and thriving community where everyone can live, work, and play.

Department Description

The Community Development Department collectively form the core of our community's development and growth initiatives. Each division plays a distinct role in shaping physical, economic, and social landscape of our community. The various divisions within the Community Development Department work collaboratively to foster a vibrant, inclusive and sustainable community to enhance the quality of life for all residents, businesses and visitors.

<u>Planning Commission:</u> The Planning Commission is an advisory body, composed of five members who are appointed by the City Council. The Planning Commission is collectively responsible for conducting public meetings and making decisions or otherwise recommendations to the City Council, on land use, zoning and development issues.

<u>Planning & Administration</u>: The Planning and Administration division is responsible for overseeing the comprehensive planning and administrative functions of the community to ensure that city continues to grow in an organized and sustainable manner. This involves zoning regulations, land use planning, and community development initiatives that guide future growth and development. Planning Administration also provides administrative and technical support to the City's Planning Commission, Successor Agency, and Housing Successor.

Economic Development: The Economic Development division focuses on stimulating economic growth, attracting investments, and creating job opportunities within the community. This division collaborates with businesses, stakeholders, and local organizations to support entrepreneurship, enhance the local economy, and improve the overall business climate.

<u>Housing:</u> The Housing division is dedicated to addressing housing needs and foster equitable development, promoting affordable housing options, and ensuring access to safe and decent housing for all residents. This division develops and implements housing policies, programs, and initiative to address homelessness, improve housing affordability, and enhance neighboring stability. Additionally, the division supports community revitalization and fosters positive tenant-landlord relations, contributing to overall housing stability and harmony within the city.

Summary of Notable Accomplishments During Fiscal Year 2023 – 2024

- Successfully updated the City's Zoning Ordinance & Zoning Map for consistency with the 2040 General Plan
- Successfully updated the City's nonconforming situations provisions.
- Successfully adopted Objective Design Standards for Mixed-Use and Multi-Family Residential developments.
- Successfully adopted standards regulating Urban Lot Splits and Second Single-Family Dwellings (SB 9).
- Successfully adopted Transportation Study Guidelines to establish standard procedures for consistent analysis and evaluation of transportation impacts from development.
- Successfully implemented Bluebeam software to expedite plan check review.

Department Narrative Fiscal Year 2024-25

COMMUNITY DEVELOPMENT

Goals/Objectives for Upcoming Fiscal Year 2024 - 2025

- Certify the City's 2021-2029 Housing Element.
- Finalize the designs to develop the Sculpture Garden and former Chevron site.
- Finalize designs to develop the MC&C III & IV sites.
- Finalize plans for a new digital billboard on city-owned property along the I-605 freeway.
- Collaborate with other departments to create a "welcome packet" for new businesses.
- Hire a consultant to begin the Comprehensive Zoning Ordinance Update.
- Hire a consultant to oversee the Economic Development Implementation Plan and other Economic Development activities.
- Hire a consultant to prepare Objective Development Standards for Commercial and Industrial developments.

PUBLIC WORKS

Mission Statement

We shall be part of the "City Team" to efficiently develop, construct, and maintain the City's infrastructure, parks, and facilities in a safe and environmentally sensitive manner for the enhancement of the residential and business communities. We shall be responsive to the changing needs of our City and create an atmosphere that allows all employees to be innovative, to have pride in their work, professional growth, high self-esteem, and to be committed to excellence.

Department Description

The Public Works department is comprised of four major divisions. The Traffic Commission, Engineering, Maintenance, and the Water Utility. (Water Utility is covered in its own section of the budget document)

The Traffic Commission is an advisory committee made up of residents appointed by the City Council. The Traffic Commission meets on a monthly basis to discuss traffic related matters within the City, such as traffic accidents, traffic related capital projects, business-requested parking prohibitions, and speeding concerns.

Engineering services include Administration, NPDES, Building Regulations, and Traffic Engineering. Administration establishes goals, policies and procedures, and provides long range public works planning. The National Pollutant Discharge Elimination System (NPDES) is a program that mitigates pollutant discharge to bodies of water from the storm drain system. The Public Works department ensures strict guidelines and regulations associated with the NPDES Permit are followed. Building Regulation ensures that all private improvements within the City are constructed in accordance with applicable local, county and state building codes. Traffic Engineering oversees traffic control facilities within the City including the design of traffic signals, street lights, and other warning devices to provide efficient and safe operation of the City's traffic control system.

Public Works Maintenance is responsible for the upkeep and operational efficiency of various community assets and services. This includes maintaining vehicles and equipment, removing graffiti, and ensuring the streets, City owned trees, and landscaping are well maintained. The division also manages the maintenance and installation of road signs and street striping to ensure safety of public roads. Additionally, the division oversees the maintenance of traffic signals, streetlights, parks, public buildings and grounds, and sports fields.

Summary of Notable Accomplishments During Fiscal Year 2023 - 2024

- Delivery of numerous Capital Improvement Program (CIP) projects (2022 2025).
- Moved Building & Safety (B&S) services from Planning to Public Works.
- Transition of B&S services from LA County to consultant services.
- Initiated restructuring of Municipal Services Yard (MSY) for increased operational efficiency.
- Storm Response.

Department Narrative Fiscal Year 2024-25

PUBLIC WORKS

Goals/Objectives for Upcoming Fiscal Year 2024 - 2025

- Complete 4-year Capital Improvement Program (CIP) projects (2022 2025).
- Initiate a new CIP (2025 and beyond).
- Continue Municipal Service Yard (MSY) efficiency evaluation/improvements.
- Improve coordination with LA County Consolidated Sewer Maintenance District.
- Grow the Environmental Services Division.
- Transition Solid Waste Management from the City Manager's Office to Public Works.
- Pursue grant funding opportunities.

COMMUNITY SERVICES

Mission Statement

The Department of Community Services' mission is to continually assess the educational, cultural, health and wellness, and social needs of the community and design Library, Recreation, and Social Service Programs to meet these needs; provide these services in a professional, courteous, and ethical manner; strive to meet the needs of the physically and mentally-challenged individuals and their families; promote the value of the ethnic and cultural diversity of the community; foster volunteerism; and join other departments to carry forth the City's mission.

Department Description

Community Services Administration Division

The Administration Division provides guidance and leadership to a multidisciplinary team composed of three divisions to address community needs, conduct community problem solving and implement City Council goals and priorities relating to leisure, social, cultural and library services to the community. It also provides general administration support to the overall Department of Community Services through centralized coordination of the operational budget, capital improvement projects, publicity and promotions, as well as overall professional development. In particular, the Community Services Administration directly manages the public art and art education program, the health and wellness initiative, the volunteer program, and the creative media and communications program.

Family and Human Services Division

The Family and Human Services Division (FHS) works collaboratively in an integrated services approach to provide essential human services to residents, stakeholders, and community members of Santa Fe Springs in the areas of older adult services, family services, social services and case management. In partnership with community-based service providers, FHS promotes and supports the well-being and healthy development of the community. It cultivates and promotes the importance of family unity, and intergenerational connections. This division also oversees the Clarke Estate and Heritage Park, including all programs and events taking place at these facilities, as well as facility rentals.

Library and Cultural Services Division

The mission of the Santa Fe Springs City Library (Library) is to promote education and literacy, provide access to information resources, preserve local history, and foster social and cultural experiences through library programming for all members of the community to contribute to their quality of life. The Library provides books, movies, and magazines in multiple formats, informational databases and a variety of educational and cultural programs for all ages such as First Friday, preschool and bilingual story times, STEAM activities and Thursday Club, a program for developmentally disabled adults. The Library also provides for Adult and Children's Literacy programs and has recently introduced new programming such as Craft Café and Coding Club. In 2023-24, the library began offering passport services. In addition, the Library oversees Carriage Barn educational programs and operations to digitize the City's historical materials.

COMMUNITY SERVICES

Summary of Notable Accomplishments During Fiscal Year 2023 – 2024

Community Services Administration Division

- Created the Creative Media & Communications Program
- Increased attendance at the SFS Art Fest to approximately 4,000 people
- Restored 3 Public Art installations; Dancing Gabrieleños, Soaring Dreams, and the Omni
- Provided \$58,365 in Art Grants to support local schools art education programs
- 116 long-term adult & student volunteers, with approximately 5,181 volunteer hours served
- Hosted the Walk to School Day in October with participation from 5 existing and 1 new school with 500 in patrons in attendance

Family and Human Services Division

- Facilitated serving 10,850 hot meals to senior residents and 12,400 Home Delivered meals, through the SASSFA congregate meal program
- Provided 359 food & gift baskets during the Holiday Basket programs; received \$18,650 in donations
- Provided 200 food baskets to the CHP in support of the Jingle All the Way Toy Giveaway
- Held 24 enhanced or new Older Adult classes with an average of 20 participants per class
- Offered a new English as a Second Language (ESL) class with 25 ongoing participants
- Establishment and installation of the Audio Tour at Heritage Park
- Utility Assistance Program Case Managers have processed 323 Gas and Edison Assistance applications
- through the United Way of Greater Los Angeles, resulting in \$63,006, in grant assistance towards utility
- bills

Library & Cultural Services Division

- Received 8 Grant Awards to expand library programs, enhance operations, and create General Fund
- savings
- Implemented Passport Services, Tuesday Saturday
- Serviced over 72,000, with an average daily attendance of 275 patrons
- Worked in conjunction with FHS to provide an improved and increased number of Adaptive Programs
- including Thursday Clubs and Adaptive Dances
- Reinstated historical tours at the Heritage Park Carriage Barn

COMMUNITY SERVICES

Goals/Objectives for Upcoming Fiscal Year 2024 - 2025

Community Services Administration Division

- Complete and implement a multi-year Strategic Communications plan
- Launch the City of Santa Fe Springs re-branding project (two year project)
- Production of a City Accomplishments Guide, highlighting FY23.24
- Implementation of a Military Veterans & Community Street Banner program
- Expansion of the volunteer program to include court-ordered volunteer opportunities

Family and Human Services Division

- Transfer Transit Services to FHS Division to help streamline services for older adults at the Gus Velasco
- Neighborhood Center
- Expand transit operations to provide weekend services
- Offer new free Older Adult Excursions
- Re-open Heritage Park Café, to sell pre-packaged baked and snack items
- Revise and re-establish the Family & Human Services Family Fund Policy
- Enhance the Summer Concert Series with high-quality entertainment, themed evenings, increased
- marketing efforts, and the offering of sponsorship opportunities
- Hire a PT Community Resource Aide to provide new services, such as free pet food, through Gus's Kitchen
- Food Pantry
- Implement and offer an additional Art Camp weekly session

Library & Cultural Services Division

- Increase outreach and resources to the business community
- · Continue to pursue and secure grants for sustainability & growth
- Reconfigure public and staff spaces for increased flexibility in programming, functionality, and better
- service provision
- Begin an internal strategic plan for the Library and Carriage Barn
- Collect, preserve, and display local history, including updating the Carriage Barn, digitizing local historical
- materials, and creating a memory lab
- Repurpose Café Libre into a pop-up store for licensed local vendors

PARKS & RECREATION

Mission Statement

The Mission of the Department of Parks and Recreation is to provide quality, caring programs, events, and services that enhance the quality of life of Santa Fe Springs Residents. This emphasizes our commitment to ensuring that all programs, events, and services provided meet high standards of quality while also prioritizing the well-being and satisfaction of our community members. Through a diverse range of recreational activities, community events, and various services, we aim to enhance the overall quality of life for Santa Fe Springs residents. Our ultimate goal is to create an environment where individuals and families can feel like they belong and thrive, fostering a strong sense of connection, health, and happiness within our community.

Department Description

The Department of Parks and Recreation is dedicated to enriching the lives of Santa Fe Springs residents by offering a diverse array of recreational activities designed to foster both physical vitality and emotional well-being. Our comprehensive programs, activities, and special events are meticulously crafted to provide avenues for personal growth and cultural enrichment. Central to our mission are year-long initiatives spanning youth and adult sports, recreational classes, day camp programs, aquatic programs, youth engagement programs, park-based activities, facility rentals, and unforgettable community events. By prioritizing inclusivity and innovation, we strive to cultivate a vibrant and thriving community where individuals of all ages can flourish and forge meaningful connections.

Summary of Notable Accomplishments During Fiscal Year 2023 – 2024

- Established Department of Parks & Recreation
- Hosted 10 City-wide Special Events with estimated attendance of 20,000+
- Offered 202 classes and activities with over 3,100 participants enrolled
- Hosted 583 combined facility reservations and park picnic shelter reservations
- Worked with 28 unique organizations to offer over 1,400 reservations on sports fields
- Established an Athletic Field Allocation Policy that will prioritize resident usage of sports fields

PARKS & RECREATION

Goals/Objectives for Upcoming Fiscal Year 2024 - 2025

- Establish a comprehensive master plan for parks and recreation facilities
- Foster partnerships for resource optimization (i.e. Relay For Life, NFL Flag, Jr. Clippers, MLS, local businesses, etc.)
- Enhance park safety and security
- Improve park infrastructure and enhance park aesthetics
- Enhance existing recreational opportunities by enriching them with new programming elements (Jr. Golf Program, Girls Softball, Tot Classes)
- Renovate and open the Aquatic Center
- Create a facility policy that aligns with current practices, prioritizes resident usage and aligns with industry best practices

CAPITAL IMPROVEMENT PLAN

Mission Statement

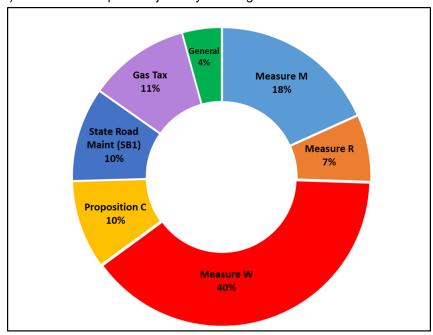

We shall be part of the "City Team" to efficiently develop, construct, and maintain the City's infrastructure, parks, and facilities in a safe and environmentally sensitive manner for the enhancement of the residential and business communities. We shall be responsive to the changing needs of our City and create an atmosphere that allows all employees to be innovative, to have pride in their work, professional growth, high self-esteem, and to be committed to excellence.

Department Description

The City's Capital Improvement Plan (CIP) consists of short-range (3-5 years) capital projects selected by the City Council CIP Subcommittee and approved by the City Council. Capital expenditures are funding invested to acquire or maintain fixed assets, such as, land, buildings, streets and equipment. The current CIP project list includes community services facilities, public safety facilities, streets and technology projects. The CIP Subcommittee uses the following criteria in making their selections:

- Projects that eliminate, mitigate and manage risks and contribute to the safety and welfare of the public;
- Projects that protect and maintain City assets, facilities and infrastructure; and
- Projects that contribute to overall quality of life for residents and businesses
- The CIP projects are funded by:
- The General Fund in the targeted amount of \$2.8 million annually. The funding derives from the City Council designated allocation of 1.5% of the City's 5% Utility Users' Tax;
- Various transportation funds;
- The City's Water Capital Fund; and
- Bond proceeds from tax allocation bonds issued by the former Community Development Commission.
 The State Department of Finance approved an Agreement giving the City Council authority to spend bond proceeds on capital projects effective July 1, 2014.
- The CIP Subcommittee provides direction to staff on project development and priorities. The City Council approves all individual project budgets and capital expenditures.

(Exhibit A) FY 2024-25 Capital Projects by Funding Source

(Exhibit A) The majority of Capital Improvement projects are funded from (restricted) special revenue funds

CAPITAL IMPROVEMENT PLAN

FY 2024-25 Adopted Budget

	Capital Improvement Projects	Project Budget
1	Commercial Street Improvement Broadway Ave - (550' South Of Washington BI)	\$ 325,000
2	Commercial Street Improvement Dinard Ave - (Rosecrans Ave to Maryton Ave)	\$ 450,000
3	Commercial Street Improvement John St - (Los Nietos Rd to Sorensen Ave)	\$ 630,000
4	Commercial Street Improvement Marquardt Ave - (Imperial Hwy Ave to 625FT South)	\$ 355,000
5	Commercial Street Improvement Maryton Ave - (Rosecrans Ave to Dinard Ave)	\$ 530,000
6	Commercial Street Improvement Park St - (Shoemaker Ave to Cul-de-Sac)	\$ 320,000
7	Commercial Street Improvement Pike St - (Norwalk BI to Cul-de-Sac)	\$ 525,000
8	Commercial Street Improvement Shoemaker Ave - (Los Nietos Rd to Cul-de-Sac)	\$ 505,000
9	Commercial Street Improvement Slauson Ave - (Sorensen Ave to SFS Rd)	\$ 2,500,000
10	Commercial Street Improvement Springdale Ave - (Florence Ave to Clark St)	\$ 540,000
11	Commercial Street Improvement Stage Rd - (650FT w/o Valley View Ave to Rosecrans Ave) - Included with Rose-Marq Grade Sep Project	\$ 100,000
12	Commercial Street Improvement Wakeman St - (Sorensen Ave to Cul-de-Sac)	\$ 300,000
13	Facility Improvement - Aquatic Center Improvements - (PHASE 1A - Pool Equipment, Deck, Plaster)	\$ 6,000,000
14	Facility Improvement - Aquatic Center Improvements - (PHASE 1B - Splash Pad, Jacuzzi, Pool House, Shade Structures)	\$ 6,000,000
15	Facility Improvement - City Hall Dedicated Secondary Server AC System	\$ 250,000
16	Facility Improvement - Fire Department Apparatus Bay Door Replacement at HQ/NO3	\$ 485,000
17	Facility Improvement - GVNC Readerboard	\$ 80,000
18	Facility Improvement - Santa Fe Springs Park Raw Sewage Sump Pump Transfer Station Renovation	\$ 300,000
19	Facility Improvements - Install WIFI at City Hall	\$ 35,000
20	Facility Improvements - City Hall West Wing Space Plan, Furniture and Carpet Improvements	\$ 250,000
21	Facility Improvements - GVNC Shade Structure	\$ 20,000
22	Facility Improvements - Police Service Center - Ballistic Proof Counter	\$ 25,000
23	Park Improvement - Heritage Park Native American Pond Improvements	\$ 3,565,900
24	Park Improvement - Lakeview Park - BBQ Grill Area Renovation	\$ 70,000
25	Park Improvement - Los Nietos Park - BBQ Grill Area Renovation	\$ 130,000
26	Park Improvement - Sculpture Garden Snake Fountain Improvements	\$ 150,000
27	Park Improvements - L.E.D. Lighting at Various Parks	\$ 270,000
28	Park Improvements - Santa Fe Springs Park Playground Improvement	\$ 530,000
29	Regional Improvement - Grade Separation - Rosecrans/Marquardt	\$ 1,000,000
30	Street Improvement - Norwalk/Washington & Norwalk Slauson	\$ 400,000
31	Street Improvement - Residential Alley Improvements	\$ 2,000,000
32	Street Improvements - 605 / 91 Freeway "Hot Spots" Arterial Intersections (Valley View/Alondra)	\$ 2,967,000
33	Street Lighting Improvements - City Wide Street (Commercial Areas) Light Conversion (HPSV to LED) - Remove Old & Replace New LED Lamps	\$ 2,400,000
34	Street Lighting Improvements - Residential LED Street Light Improvements - Three (3) Phase Project: Phase III - {Series Circuit Convert to Multiple Circuit- Solicit Design RFP}	\$ 3,600,000
35	Water Improvement - Water Well No 12 Treatment	\$ 612,000
36	Water Improvement - Water Well No 2 Treatment	\$ 167,000
	Total	\$ 38,386,900

SPECIAL REVENUE FUNDS

Special Revenue funds are monies that can only be used for certain specific purposes as defined by law or administrative action. Allocation of funds will have a series of guidelines the recipient (the City) must follow. Most Special Revenue funds are either grants from county, state and federal governments designed for a variety of purposes from public safety to transportation funds, or to account for funds expended under specific purposes such as the Waste Management fund. The funding from these funds help offset eligible expenditures incurred within the General Fund activities. The City has a total of eleven Special Revenue funds, but not all have budgeted expenses for FY 2024-25.

All Special Revenue funds are grouped as a larger component of the larger Total City Budget. As a whole, the Special Revenue funds represent a total of \$4.5 million of the Citywide operating budget. More than half of the special revenue budget is allocated to the Waste Management activities (57%), County Transit funds (17%), and Art in Public Places fund (15%), which helps offset the expenditures associated with running the Public Art & Art Education program.

Special Revenue Funds Sources and Uses of Funds

Department Narrative Fiscal Year 2024-25

WATER UTLITY SERVICES

Mission Statement

We shall be part of the "City Team" to efficiently develop, construct, and maintain the City's infrastructure, parks, and facilities in a safe and environmentally sensitive manner for the enhancement of the residential and business communities. We shall be responsive to the changing needs of our City and create an atmosphere that allows all employees to be innovative, to have pride in their work, professional growth, high self-esteem, and to be committed to excellence.

Department Description

The Water Utility ensures the delivery of safe, reliable, and cost-effective water services to the community. This includes sourcing water from external suppliers to meet the community's demand; administration of the backflow and cross connection program to prevent the reverse flow of water from buildings back into the main water supply, ensuring potable water isn't contaminated by pollutants or hazardous substances; monitoring and improving the quality of water supplied to the public; ensuring compliance with health and safety standards; and maintaining the infrastructure that delivers water from production facilities to consumers, including pipes storage tanks and associated equipment. The Water Utility division also handles the metering, billing, and collection of payments for water usage, ensuring financial sustainability of the water utility services.

Summary of Notable Accomplishments During Fiscal Year 2023 – 2024

- Completed numerous service line replacements/upgrades in advance of City paving projects in an effort to preserve the integrity of City infrastructure.
- Worked cooperatively with various agencies to complete shutdowns and service replacements for the Rosecrans/Marquardt grade separation project.
- Began connecting water lines that had been previously abandoned in order to re-establish a loop system, improve the water quality, and eliminate dead ends.
- Began the required activities to comply with the State's latest revisions to the Lead and Copper Rule Revisions (LCRR).
- Began digitizing infrastructure asset information and data collection for priority programs such as leak repair, cross-connection detection, valve exercising, hydrant flushing, water loss, etc.
- Arranged various trainings for staff to encourage professional and administrative development and encouraged personal educational advancement and specialized certification.

Goals/Objectives for Upcoming Fiscal Year 2024 - 2025

- Continue to investigate and replace broken valves to increase system performance and reliability.
- Complete the Lead Service Line Inventory as required by the State mandated LCRR.
- Continue to locate and replace old/dysfunctional meters to improve system performance, billing accuracy and water efficiency.
- Implement new programs to finish the comprehensive inventory on all valves, hydrants, meters in the system.
- Continue to meet the increasing reporting and monitoring requirements mandated by the State on the City's Water System.
- Establish Valve Exercise Program to ensure ongoing maintenance and reliability of valves throughout the system.

Successor Agency (Community Development)

Mission Statement

The Community Development Department is committed to fostering a vibrant, inclusive, and sustainable community through strategic planning, innovative programs, and collaborative partnerships. We are dedicated to enhancing the quality of life for all residents, businesses and visitors, by promoting economic growth, preserving cultural heritage, and ensuring a safe, well-designed, resilient and thriving community where everyone can live, work, and play.

Department Description

The state of California dissolved all redevelopment agencies across the state effective February 1, 2012. The City of Santa Fe Springs now acts as the Successor Agency to the former Community Development Commission (CDC) for the designated project area. In its role as Successor Agency, the City is now responsible for receiving former tax increment (property taxes) and repaying debt and to make payments for enforceable obligations as approved by the State Department of Finance through the Recognized Obligation Payment Schedule (ROPS). Ultimately, the goal of the Successor Agency is to wind down the affairs of the former CDC pursuant to AB 1X 26, AB 1484, and all subsequent dissolution laws.

Housing Successor (Community Development)

Mission Statement

The Community Development Department is committed to fostering a vibrant, inclusive, and sustainable community through strategic planning, innovative programs, and collaborative partnerships. We are dedicated to enhancing the quality of life for all residents, businesses and visitors, by promoting economic growth, preserving cultural heritage, and ensuring a safe, well-designed, resilient and thriving community where everyone can live, work, and play.

Department Description

The City, as Housing Successor to the former Santa Fe Springs Community Development Commission (CDC), maintains the assets of the former low-moderate income housing fund. Pursuant to California law, the unobligated cash balance of the fund was transferred to the Los Angeles County for distribution to taxing agencies. The remaining assets (e.g. real estate and loan receivables) are retained by the City. In the event that revenue becomes available to this fund, the City Council will take action regarding the use of such funds.

The outstanding housing bonds are budgeted and paid by the Success Agency from property taxes allocated to it pursuant to AB 1X 26, AB 1484, and all subsequent dissolution laws.
